

Be Internet Legends.

Dear parent/carer,

Pupils at are discovering how to be safer and more confident online as part of Google and Parent Zone's **Be Internet Legends** programme.

We've invited your child to take part in a **LIVE online assembly** on – and we hope you're able to join us too!

How will my child access the assembly?

To tune in from home, your child will need to access **YouTube** via the link that we've already shared.

Normally, YouTube recommends that children access the site from the age of 13 – but because this video is marked as 'Made for Kids', **chat will be automatically disabled**. Your child won't be able to make or see comments, or communicate directly with anyone. They won't need to create an account or download any additional software.

Please confirm that you are happy for your child to watch the Be Internet Legends assembly.

I am happy for my child to access the LIVE online assembly for Be Internet Legends on YouTube.
